

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

AEROPHILE

Short summary of the persona

its the shortest system of transport for exchanging or carrying of goods

They said thet its the fastest mode of transport and therefore suitable for carrygoods over a long distance

most of them said that in this transportation there is no physica barrier while travellig

its gives affordability and speed in goods transportation compared to the other tranports

I think its safety travelling by this and its gives comport thats why most of them prefer it

I think it is Time constructive,organised and profession

for studying,working and trading peaples are using these sor of transportation

If once they start to fly over it becomes familiar to them

mostly they feels ease to fly rarely suffering with it like heart attacks

most of them subconscious hass gone because of it fly heigh

it feels easy way of transportation for them

some times it makes people frightened

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
